Charles P. McGinnis Not Guilty of Conspiracy to Defraud.

Duluth, Oct. 30.—Charles P. McGinnis, charged with conspiracy to defraud the government in connection with timber and stone entries in St. Louis county, was acquitted by the jury in the United States court last night. The McGinnis case has attracted considerable attention here, occupying five days, and other parties are under indictment on similar charges. The other cases will not be tried at this term, however. The jury came to their decision after being out about seven hours.

Three other indictments hang over McGinnis, but it is thought nothing will be done with them.

THREE LABORERS KILLED.

Overland Limited Collides With a Work Train.

Ogden, Utah, Oct. 30.—There was a head-on collision between the Overland Limited on the Southern Pacific and a work train at a siding 200 miles west of Ogden Thursday and three laborers who were riding on the pilot of the work train were killed. Traffic was delayed for six hours.

PARKS FACTION WINS

NATIONAL STRIKE OF BRIDGE AND STRUCTURAL IRON WORKERS IS ORDERED.

WILL AFFECT MANY CITIES

TEN THOUSAND MEN TO GO OUT AND OVER A HUNDRED THOUSAND WILL BE IDLE.

New York, Oct. 30.—The threat of a national strike by the International Association of Bridge and Structural Iron Workers to force recognition of local No. 2, by the Iron League and Employers' association, culminated Thursday at a meeting of the international and local committee of the association held in this city in a resolution being passed ordering a strike all over the country, to go into effect Saturday in all cities where members of the Iron League or the Building Trades Employers' association have contracts.

President Buchanan was in favor of exhausting all efforts to bring about a peaceful settlement, but the Parks element thought this too slow and carried the majority with him. Efforts are to be made to bring the new house-smiths' union of New York into line.

Notifications will be sent today to all the locals in cities where the members of the Iron League or the Employers have contracts for iron work. The strike will also affect the inside iron work. The cities which will be affected include New York, Boston, Philadelphia, Pittsburgh, Easton, Chicago, St. Louis, Cleveland and Cincinnati.

The international executive committee estimates that 10,000 ironworkers will be directly affected. This would mean the throwing out of work of from 100,000 to 150,000 and possibly more workmen in other grades.

All President Buchanan would say was:

"We have made every effort to bring about an amicable settlement. We have won every other fight and I believe we will win this one."

TRIAL OF SAM PARKS.

Walking Delegates Takes the Stand in His Own Behalf.

New York, Oct. 30.—The trial of Samuel J. Parks, walking delegate of the Housesmen and Bridgemen's Union No. 2, on the charge of extortion, probably will be concluded today. Judge Newburger, before whom Parks has been on trial since Monday, stated when an adjournment was taken last evening that he would endeavor to bring the trial to a conclusion before Saturday.

Parks was a witness Thursday. While he admitted that a great deal of the testimony given by the witnesses for the prosecution was true, he testified that many of the accusations made against him were misrepresentations of fact. Two or three times Assistant Attorney Rand by a severe crossfire of questions apparently had Parks in an awkward place, but Mr. Osborne and the other lawyers for the defense were very watchful and their persistent objections to leading questions were invariably sustained by the court. Parks made no secret of his having received the \$500 from the complaining witnesses, but he insisted that this money was paid in a legitimate business transaction with the Tiffany studios, the corporation on the complaint of which Parks' indictment in this case was secured.

Parks, while in poor health, seemed to be full of energy throughout the ordeal. Several times the prosecuting lawyers attempted to get on record the fact that Parks had a bank account of a magnitude beyond the possibilities of an ordinary mechanic, but each attempt was overruled or cut short through the strenuous efforts of counsel for the defense.

EVIDENCE OF MURDER.

Indictment for Forgery Reveals Details of Crime.

Portland, Ore., Oct. 30.—The federal grand jury Thursday returned an indictment in the United States district court that brings to light for the first time the details of what was probably a double murder. The indictment is against Norman Williams on a charge of forgery in affixing a false signature of Miss Alma Nesbitt to a relinquishment for a homestead claim in Wasco county, but underneath the entire procedure lies strong circumstantial evidence that murder followed the forgery to cover up detection of the crime. The matter was brought before the grand jury by United States Inspector A. R. Green of the interior department.

Years ago Norman Williams and Miss Alma Nesbitt were friends in Omaha, Neb., and came West together. They took up adjoining homesteads in Wasco county and lived there about a year. Then Mrs. Nesbitt, mother of Alma Nesbitt, came West. In March, 1900, Williams met Mrs. Nesbitt and daughter at Hood River and started to drive them to their homestead, some twenty miles distant. After leaving Hood River the women were never seen again and the officials believe that they were murdered. It is supposed Williams is somewhere on Canadian soil.

The federal grand jury also returned indictments against Emma L. Watson and Guy Hoff for conspiracy and forgery in connection with land frauds in this state.

BROWN WAS POISONED.

Verdict of Coroner's Jury on Death of Former Pittsburg Recorder.

Pittsburg, Oct. 30.—The verdict of the coroner's jury on the death of ex-City Recorder Joseph Owen Brown was reached last evening after fourteen sittings.

The jury finds that Brown came to his death March 15, 1903, from poison administered by some unknown person or persons.

The death of Recorder Brown occurred a few days after his resignation as city recorder at the close of a year's bitter factional fighting in local politics.

There were vague rumors of suicide at the time, but the death was generally attributed to collapse from overwork and mental stress. The suicide rumor, however, reached the ear of J. R. P. Brown of Nebraska, a brother of the deceased, and he came here to investigate.

Ex-Recorder Brown left an estate of considerable value in which his wife, from whom he had been separated, several nephews and some close friends were made beneficiaries by his will.

The verdict of the coroner's jury leaves the case about where it has been all along, beyond officially determining that he did not commit suicide or die from natural causes.

J. R. P. Brown proposes to remain here and investigate further.

ASSOCIATION IS NAMED.

New Organization to Cope With Labor Problems.

Chicago, Oct. 30.—Unable to decide upon a name for the organization, the conference for the purpose of forming a national federation of employers' associations to cope with labor problems, which began here Thursday, was compelled temporarily to adjourn amid the uproar and hisses of the assembled delegates.

A number of the delegates who represented the national trades organizations of the country insisted that the new body should not have the words citizens' alliance or alliance in its title, while those representing the Citizens' Alliance, composed of employers and employees, were firm in desiring recognition.

When the convention reassembled at night harmony had been restored and it was voted unanimously to adopt the name "Citizens' Industrial Association of America." The organization will include both employers and alliances.

The object of the association, as set forth in the constitution and by-laws which were adopted, are to encourage harmonious relations between employers and employees on a basis of equal justice; maintain the people's constitutional rights; uphold supremacy of the law; maintain industrial peace; suppress violence, coercion and intimidation; to establish a fund and bureau to further the objects of the association.

QUIET REIGNS AT BILBAO.

Street Car Service Resumes and Shops Open Again.

Madrid, Oct. 30.—Telegrams from Bilbao state that quiet reigns there. The street car service has been resumed and the shops are again open.

In the senate Thursday Minister of the Interior Alix said that tranquility now prevailed at Bilbao. He confirmed a report received that four strikers had been killed and fifteen wounded in Wednesday's disturbances.

ARRESTED AT BOSTON.

Armenian Accused of Complicity in Murder of Sagouni.

Boston, Oct. 30.—On the arrival of the steamer Ivernia from Liverpool at her dock Thursday Vehyan Krikorian, an Armenian, was arrested at the request of Scotland Yard on a charge of being an accessory before the fact of the murder of Captain Sagouni on Tuesday. Krikorian claimed that his object in coming to this country was to attend lectures at Harvard, but on being searched only \$5 was found in his possession.

After several witnesses had been examined the hearing was continued until today.

TAKES HIS OWN LIFE

THOMAS BECHTEL COMMITS SUICIDE IN THE JAIL AT ALLEN TOWN, PA.

THINK HE KILLED HIS SISTER

POLICE BELIEVE BECHTEL'S LAST ACT IS AN ACKNOWLEDGEMENT OF GUILT.

Allentown, Pa., Oct. 30.—Thomas Bechtel, who was held awaiting investigation of the murder of his sister, Mabel H. Bechtel, at their home a few days ago, committed suicide last evening in his cell in the central police station. The police consider this act as a practical acknowledgment of Bechtel's guilt. Bechtel was in cell No. 2 on the right side of the corridor. Several relatives and friends were admitted to see him during the afternoon. About 4 o'clock he called across the corridor to Alfred Eckstein, Miss Bechtel's affianced lover, who is held pending the coroner's inquest:

"Hello, Al; are you there?"

"Yes," answered Eckstein.

Bechtel responded: "I wish you were here with me now, that we might die together."

These were the last words heard from Bechtel. A short time later Eckstein called Bechtel and got no answer, but he thought he heard an unusual gurgle. House Sergeant Frank G. Roth had been through the cells only a short time before.

At a quarter past 5 o'clock he entered the corridor and called both men. Getting no answer from Bechtel he looked into his cell and was appalled to see a stream of blood running over the cell floor. Bechtel had laid himself on the bench in his cell and cut his throat with a knife. He was dead when found. The knife lay near him on the floor.

Mystery Attached to Knife.

How he got the knife is not known. He was carefully searched when placed in the cell and no weapon was found. There is a rumor to the effect that a newsboy passed the knife to him in the cell.

Bechtel was a single man and thirty years of age. He was a laborer, doing odd jobs about the town and in the country. He was a hard drinker and when intoxicated was easily angered and prone to fight. He was of powerful physique and possessed great courage.

The police deny that a newsboy spirited the knife into Bechtel's cell and also that relatives and friends had been in the cell with him. They cannot account for Thomas' possession of the knife.

The funeral of the murdered woman took place in the afternoon, the services being held at her late home.

As the girl lay in the casket her appearance told its own story. Both eyes were badly discolored, and there was a big bruise on the nose and several smaller ones on the cheeks and ear. The worst wound, that on the forehead, was hidden by the hair.

Thomas Bechtel was not allowed to attend the funeral, and his fury at not being allowed to take a last farewell of his dead sister was intense. The family also felt bitter.

A large crowd surrounded the house during the services and another crowd was at the cemetery to witness the interment.

Police Tell of the Murder.

The suicide of Thomas Bechtel has been followed by the police officials telling the story of the murder of Miss Bechtel as gathered by them. It starts with last Thursday when Eckstein accompanied Miss Bechtel to Philadelphia. He left her there and returned home. Weisenberg met her in Philadelphia and accompanied her to Allentown, leaving there Sunday at 4 p.m., and reaching here four hours later. They went to a certain place together where they remained until midnight. Thomas Bechtel heard of this and being strenuously opposed to Weisenberg, he uprooted her in her room upon her return home. He struck her a powerful blow on the cheek, causing her to fall heavily against a bureau, dead. Members of the family held a council and decided upon the story made public on Tuesday, and upon the disposition of the body and clothing as found. Charles Bechtel's slater's hatchet was used in striking a blow on the head of the dead girl to give semblance of the assault.

This happened immediately after midnight. The body was concealed in the home until Monday night, when it was placed in the alleyway where it was found Tuesday morning. Eckstein knew nothing of the murder, the police say.

The inquest on Mabel Bechtel's death began last evening. The entire Bechtel family was present. At the opening of the inquest they did not know of Tom's suicide.

Information charging murder has been lodged against the entire Bechtel family and constables were at the inquest ready to serve the warrants. Because of this fact the attorney for the Bechtels refused to permit any of his clients to testify.

After several witnesses had been examined the hearing was continued until today.

New line of trunks and grips just received at D. M. Clark & Co.

YOUTHFUL BANDIT CONFESSES.

Took Part in Eighteen Robberies in Michigan.

Kalamazoo, Mich., Oct. 30.—John King, aged eighteen, confessed last night to taking part in eighteen robberies within the past two months. The bank of Augusta, Mich., would have been blown to pieces if the arrest had not been made. Plans also had been made to rob the Exchange bank at Climax, Mich., next week. Successful robberies committed in other places were:

Grand Rapids, two; Lansing, one; Carson City, two; one being the Catholic church; Baldwin, three; Alma, one; Vernon, two.

Trouble between King and his confederate, John Leonard, who is also under arrest, led to the confession.

CHARGED WITH EXTROSION.

Isaac Gravelle to Be Tried for Dynamite Outrages.

Helena, Mont., Oct. 30.—Informations were filed in the district court Thursday against Isaac Gravelle, the man charged with dynamiting the Northern Pacific railroad. Two letters which Gravelle is alleged to have written to the railroad demanding money for immunity, are the basis of the informations. The specific crime for which Gravelle will be tried is extortion.

Will Wed an Indian.

Des Moines, Ia., Oct. 30.—With a big wedding, a set of silverware for the bride and a bill of sale for a broncho for the groom, Dollie Mertz, a seventeen-year-old girl of Sioux City will next April become the wife of Alec Paver, a Winnebago Indian. The young couple recently eloped from the reservation, but were overtaken by the girl's parents at Sioux City, where a solemn compact was entered into whereby the couple agreed to wait till April for the promised gifts. Tears and threats fail to weaken the determination of the redskin to make the white girl his wife, and she refuses to renounce her lover.

Montana Miners Killed.

Butte, Mont., Oct. 30.—Humberta Cattalina and Martin J. Pishkur, Italian miners, fell 1,000 feet from a cage descending into the Minnie mine Thursday morning and were instantly killed.

Go to J. F. Hawkins for meat and groceries.

Mrs. J. H. Zellers, of 63 Main street, says: "I believe that after what Doan's Kidney Pills did for me they will help any one similarly troubled. Before using them I suffered for six months from my kidneys, there was a miserable feeling of pressure over those organs and the secretions were scanty. Besides this there was a heavy pain across the small of my back. A box of Doan's Kidney Pills were gotten at the nearest drug store and as I was glad to try anything to obtain relief, I took the pills and really they acted like a charm. I can truthfully say that I have not a symptom since. In my old condition I could not do a half day's work without my back giving me no end of trouble."

Sold for 50 cents, at H. P. Dunn & Co., and all druggists. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S.

ROUTE THROUGH A FINE COUNTRY

Minnesota & International Management Sends Maps of New Line to Land Office.

LAND BEING RAPIDLY TAKEN UP

Many Villages Springing Up Along Proposed Line Between Northome and Terminal.

Maps have been sent to the Duluth land office showing the proposed route of the new Minnesota & International road from Northome to International Falls.

The road has already been built from Bemidji to Northome, and the projection on to the border is surveyed and under construction.

The road is in a direct line through some of the most fertile agricultural lands in the northern part of the state and it will open up an immense territory to the settler.

It is from this district that a large share of the homestead entries made at the Duluth land office during the past two or three years have been coming, and settlers have been going into the country in advance of the railroad, and in anticipation of its construction, for the past five or six years.

Many of the more valuable lands near the route of the railroad have already been taken up, and a few of the settlers along the proposed route have already completed their homestead duties and have been granted their patent.

Small villages are already in existence waiting for the road to reach them, and the country shows every prospect of a boom.

The officials of the Duluth land office look for a large number of homestead entries from this district during the coming year, as it contains the largest area of available agricultural lands within the limits of the Duluth or Cass Lake land districts.

Adjacent to that section of the road which has already been constructed from Bemidji to Northome, there are but few desirable homesteads remaining open to settlement, and these are being rapidly taken up.

The road reached Northome but a few weeks ago, and that little village is already feeling the effects in an increased activity in building and general business.

BIG ADVANCE GUARD.

Trains crowded with people en route to Minneapolis to take in the foot ball game tomorrow.

Tomorrow will be one of the biggest days in the history of Minneapolis and that's no lie either, for the city will be overrun with people from over the northwest who will go there to see the big football match between Minnesota and Michigan. The trains out of Brainerd for the twin cities carried a large number of the advance guard today and hundreds of others from different points will go down on the night train. A special sheep has been provided for Brainerd and it will be in the yards early in the evening so that all who wish can get aboard early.

A large contingent went down this noon from Aitkin the following being included: Dr. Dezell, H. E. Butler, L. P. Jones, Capt. Teare, Chas. Howe, Mr. and Mrs. Frank Hense, Mr. and Mrs. E. H. Krelitz, Miss Stansberry, Miss Dick, W. A. Rogers, Ambrose Casey, A. A. Sweetman, T. E. McMonagle, Mrs. Hassman and son, Ben Hassman, John Sughrue and T. Rogers.

It is expected that some seventy-five or one hundred Brainerdites will go down tonight leaving on the midnight train.

Bids Wanted.

BURNING THE REFUSE

The Chief Fire Warden's View of the Morris Act Requiring Pine Refuse to be Burned.

General Andrews, chief forest fire warden of Minnesota, has given the following statement to the press in regard to the burning of tops and refuse on the Chippewa reservations:

"Next December a beginning will be made in the sale of the standing pine timber on the Chippewa Indian reservations in the vicinity of Cass and Leech lakes. The public takes or should take interest in the matter because the welfare of the Indians depends much on whether they receive a fair price for the pine, and because the repute of forestry will be affected to some extent by the way the business is done.

"The December 5th sale, at the Cass Lake land office, will dispose of \$36,000,000 feet of pine, and on December 28th, 277,000,000 feet more will be disposed of, all under sealed bids.

"It is now standing in 34 different townships and being

near railroads and waters tributary to the Mississippi, will bring in the aggregate about \$3,000,000, being as much as the United States, fifty-two years ago, paid the Sioux Indians for all the vast fertile south half of Minnesota. The purchasers are required to cut and remove not less than 25 per cent of the timber embraced in their bids on or before July 1, 1905, and not less than 25 per cent of such timber on or before July 1 of each of the three successive years thereafter; the entire amount to be cut and removed before July 1, 1908.

This is but part of the pine on the reservations.

"On land which is to form a part of the national forest reserve five per cent of the pine is to be left for seed trees.

"Some intending purchasers together with habitual mischief makers among the Indians, have not only greatly magnified the expense of burning a sufficient amount of the tops and refuse to prevent danger from fire to the timber left standing, but have by misrepresentation created an unfavorable feeling among many of the Chippewas in respect to this and other forestry features of the so called Morris Act of congress. If the Interior department can be made to believe it will be expensive to burn the tops and refuse it will accept correspondingly lower bids for the timber.

"But it will not cost more than from 25 to 50 cents per 1,000 feet of timber to burn the tops and refuse. The work is to be done as a prudent and sensible man would do in his own case. Simply enough of the tops and refuse will be burned to prevent danger. The trees can be felled so that the tops will come near together, thus saving much labor of carrying. The refuse can then easily be piled and the burning should be done when the workmen are on the ground and when the weather is favorable. I believe the Chippewas will receive the full value of their pine and they deserve to have it sold during prosperous times. Certainly the government in dealing with Indians never took such pains to secure them honest proceeds of their timber as it is doing under this Morris act, and which is owing very much to forestry agitation in this state."

Young Corbett Defeats Murphy.

Boston, Oct. 25.—For ten rounds and a minute and a half in the eleventh Harshay Murphy of New York stood up against Young Corbett last night, putting up a clever defense and landing many blows on the featherweight champion. Then came three blows in quick succession and although Murphy came up before the count he was so groggy that Corbett refused to continue the fighting and was awarded the decision.

Milwaukee, Oct. 25.—Otto Zwisch, president of the Otto Zwisch company, manufacturers of soda water apparatus, and for almost fifty years a resident of Milwaukee, died of apoplexy Tuesday night shortly after 11 o'clock at the new Milwaukee sanitarium at Wauwatosa, aged seventy-one years.

Mr. Arthur Farwell Tonight.

The lecture recital "Music and Myths of the American Indian," which will be given this evening in the First Congregational church by Arthur Farwell, of Boston, under the auspices of the Brainerd Ladies Musical club, will be one of the unique affairs of the year. Mr. Farwell illustrates his talk with Indian music and a number of his own compositions which have caught the strain always found in Indian music. He is very well known in the east where his lecture-recital is a feature of every musical season. Mr. Farwell aided Mrs. Alice Fletcher for several years in her researches in Indian music and mythology and has since been interested in his own studies.

The exercises tonight commence promptly at 8:15.

"THE TWO SISTERS."

The dramatic story of Denman Thompson's play, "The Two Sisters," runs mainly through incidents in the lives of a bad woman from the east and a good man from the west. Of course both sections have their good and bad and they are shown in this remarkably clever play. But there are no risque situations or the slightest suggestion that might bring the blush of shame to the cheek of modesty. The story is told simply and forcefully, as a mother might tell it to her daughter and as a father would glory in its fulfillment. "The Two Sisters" is a play of home and love, of the people you know and like, that you can laugh and sympathize with. And they will all be here at the Brainerd theatre tonight.

"QUINCY ADAMS SAWYER."

"Quincy Adams Sawyer," the book made a great hit with the public and the play of the same name adopted from the novel has already done likewise. "A FRIEND OF THE FAMILY."

Undoubtedly one of the funniest plays ever written is "A Friend of the Family," which comes to the Brainerd theatre during the season, with Alice Johnson and Geo. Barnum in the leading roles. This piece is an adaptation from the German, made by that clever actor playwright, Frank A. Tenenbaum. The company is coming east from a successful tour of the Pacific coast.

EDWARD BAXTER PERRY.

On next Monday evening Mr. Edward Baxter Perry will give a recital in this city. He is the famous blind pianist who has startled the musical people of two continents. The following from the Munich Frei Presse is an indication of the merit of his playing:

"The concert of the blind pianist, Ed. Baxter Perry, took place in the Vereinsaal yesterday. A very soft and sympathetic tone, which in spite of the great power, never becomes hard, and great velocity and execution, which demonstrate fine technical methods, are the chief features of his playing. The hall was well filled and the applause unusually lively."

EDWARD BAXTER PERRY.

Today and tomorrow Mr. Kraywetz, of the N. W. Fur Co., will be in town at the City hotel, ladies' parlor, with a nice line of ladies' fur jackets, scarfs and boas, also the latest fashion plates for your inspection. A nice line of sample skins to select your orders from. Bring your old coats to be repaired, relined, remodeled, refitted. All work guaranteed to be first-class. MAKE AN IMPORTANT CAPTURE.

St. Paul Officers Arrest Two Desperate Crooks.

St. Paul, Oct. 30.—Pinkerton detectives, assisted by a sheriff and two deputies, made an important capture in St. Paul yesterday when they arrested Patrick Burns and Frank Latimer, said to be two of the most desperate crooks in the country, and for whom the police of several cities have been on the lookout for some time.

The two men were arrested while riding on a Selby avenue car shortly after 10 o'clock yesterday morning. The men attempted to draw revolvers, but were overpowered before they could do so.

The men are charged with horse stealing, but more serious charges will be made when they are taken to Wisconsin. They are accused of robbing a bank at Eagle, Wis., and it is believed they are part of the gang that looted the Superior, Wis., postoffice of \$15,000 in stamps.

When searched at the jail Burns had \$800 in bills secreted about his clothing.

DO YOU SEE THE POINT?

Why it PAYS YOU to investigate our claims for a part of your patronage.

The point we make is this:

We carry a very complete stock of merchandise in all branches. We BUY FOR CASH and SELL FOR CASH. We buy only standard goods in all lines. For example, our Cloaks are purchased from the largest Cloak house in this country. Our Dress Goods from Fort Wayne Hosiery mills. Our Linens from Mills & Gibbs, importers of Scotch, Irish and German Linens. Our Blankets and Comforters from the mills. Our Cotton Batts from Jonesville, Wis., and Lockport, N. Y. Our Corsets from Warner Bros. Co., and the R. & G. Manufactury, New York. Ferris waist direct from factory. Gloves from Importers. Black Cat Stockings from mill where they are made. Underwear from commission houses in N. Y., who are agents for mills. Muslin Underwear from sanitary factory located at Wilkesbarre, Pa. Ladies' Skirts from Terre Haute, Ind. Ladies' Petticoats from the Elite Works, Jackson, Mich. Shirt Waists from the largest factory in this country at Chicago, which employs 900 girl operatives at this work. Dress Trimmings from importers in New York. Butterick Patterns, acknowledged to be the best of all.

Our theory of doing business

ROUTE THROUGH A FINE COUNTRY

Minnesota & International Management Sends Maps of New Line to Land Office.

LAND BEING RAPIDLY TAKEN UP

Many Villages Springing Up Along Proposed Line Between Northome and Terminal.

Maps have been sent to the Duluth land office showing the proposed route of the new Minnesota & International road from Northome to International Falls.

The road has already been built from Bemidji to Northome, and the projection on to the border is surveyed and under construction.

The road is in a direct line through some of the most fertile agricultural lands in the northern part of the state and it will open up an immense territory to the settler.

It is from this district that a large share of the homestead entries made at the Duluth land office during the past two or three years have been coming, and settlers have been going into the country in advance of the railroad, and in anticipation of its construction, for the past five or six years.

Many of the more valuable lands near the route of the railroad have already been taken up, and a few of the settlers along the proposed route have already completed their homestead duties and have been granted their patent.

Small villages are already in existence waiting for the road to reach them, and the country shows every prospect of a boom.

The officials of the Duluth land office look for a large number of homestead entries from this district during the coming year, as it contains the largest area of available agricultural lands within the limits of the Duluth or Cass Lake land districts.

Adjacent to that section of the road which has already been constructed from Bemidji to Northome, there are but few desirable homesteads remaining open to settlement, and these are being rapidly taken up.

The road reached Northome but a few weeks ago, and that little village is already feeling the effects in an increased activity in building and general business.

BIG ADVANCE GUARD.

Trains crowded with people en route to Minneapolis to take in the foot ball game tomorrow.

Tonight will be one of the biggest days in the history of Minneapolis and that's no lie either, for the city will be overrun with people from over the northwest who will go there to see the big foot ball match between Minnesota and Michigan. The trains out of Brainerd for the twin cities carried a large number of the advance guard today and hundreds of others from different points will go down on the night train. A special sleeper has been provided for Brainerd and it will be in the yards early in the evening so that all who wish can get aboard early.

A large contingent went down this noon from Aitkin the following being included: Dr. Dezel, H. E. Butler, L. P. Jones, Capt. Teare, Chas. Howe, Mr. and Mrs. Frank Hense, Mr. and Mrs. E. H. Krelwitz, Miss Stansberry, Miss Dick, W. A. Rogers, Ambrose Casey, A. A. Sweetman, T. E. McMonagle, Mrs. Hassman and son, Ben Hassman, John Sughrue and T. Rogers.

It is expected that some seventy-five or one hundred Brainerdites will go down tonight leaving on the midnight train.

BURNING THE REFUSE

The Chief Fire Warden's View of the Morris Act Requiring Pine Refuse to be Burned.

General Andrews, chief forest fire warden of Minnesota, has given the following statement to the press in regard to the burning of tops and refuse on the Chippewa reservations:

"Next December a beginning will be made in the sale of the standing pine timber on the Chippewa Indian reservations in the vicinity of Cass and Leech lakes. The public takes or should take interest in the matter because the welfare of the Indians depends much on whether they receive a fair price for the pine, and because the repute of forestry will be affected to some extent by the way the business is done.

"The December 5th sale, at the Cass Lake land office, will dispose of 236,000,000 feet of pine, and on December 28th, 277,000,000 feet more will be disposed of, all under sealed bids. It is now standing in 34 different townships and being near railroads and waters tributary to the Mississippi, will bring in the aggregate about \$3,000,000, being as much as the United States, fifty-two years ago, paid the Sioux Indians for all the vast fertile south half of Minnesota. The purchasers are required to cut and remove not less than 25 per cent of the timber embraced in their bids on or before July 1, 1905, and not less than 25 per cent of such timber on or before July 1 of each of the three successive years thereafter; the entire amount to be cut and removed before July 1, 1908. This is but part of the pine on the reservations.

"On land which is to form a part of the national forest reserve five per cent of the pine is to be left for seed trees. "Some intending purchasers together with habitual mischief makers among the Indians, have not only greatly magnified the expense of burning a sufficient amount of the tops and refuse to prevent danger from fire to the timber left standing, but have by misrepresentation created an unfavorable feeling among many of the Chippewas in respect to this and other forestry features of the so called Morris Act of congress. If the Interior department can be made to believe it will be expensive to burn the tops and refuse it will accept correspondingly lower bids for the timber. But it will not cost more than from 25 to 50 cents per 1,000 feet of timber to burn the tops and refuse. The work is to be done as a prudent and sensible man would do in his own case. Simply enough of the tops and refuse will be burned to prevent danger. The trees can be felled so that the tops will come near together, thus saving much labor of carrying. The refuse can then easily be piled and the burning should be done when the workmen are on the ground and when the weather is favorable. I believe the Chippewas will receive the full value of their pine and they deserve to have it sold during prosperous times. Certainly the government in dealing with Indians never took such pains to secure them honest proceeds of their timber as it is doing under this Morris act, and which is owing very much to forestry agitation in this state."

CALUMET Baking Powder

Food prepared with Calumet Baking Powder is pure and healthful, and is free from Rochelle salts, alum, lime and ammonia. A wonderful powder of unequalled strength.

Trust Baking Powders sell for 45 or 50 cents per pound and may be identified by this exorbitant price. They are a menace to public health, as food prepared from them contains large quantities of Rochelle salts, a dangerous cathartic drug.

APPEALS PERFECTED

MONTANA SUPREME COURT WILL BE ASKED TO PASS UPON INJUNCTION DECISION.

GREAT MASS MEETING HELD

LABORING MEN ASK GOVERNOR TOOKE TO CALL EXTRA LEGISLATIVE SESSION.

Butte, Mont., Oct. 30.—Two appeals to the supreme court in the MacGinnis injunction suits against the Boston and Montana company have been perfected in record-breaking time. The injunction orders were made by Judge Clancy last Friday, and Thursday, by stipulation of the attorneys on both sides, the two big records, each consisting of nearly 400 pages of typewritten matter, were settled. The transcripts, consisting of the evidence and depositions in the case, were submitted to Judge Clancy at his residence last night and the transcripts were approved and signed. The testimony is in full, question and answer style.

By this means the perfecting of the appeals was expedited by a month, as regards the statutory time, and is allowed in such cases.

The printing of the transcripts and the preparation and printing of the briefs on both sides will now be rushed.

It is probable that within a week the two big transcripts on appeal will be ready for presentation to the supreme court. In the meantime a motion will be made for the advancing of the cases on the calendar in the higher court, so that the appeal may be reached and passed upon at the earliest possible moment. It is believed that in view of the urgency of the situation and the magnitude of the interests involved in this state and elsewhere the supreme court will grant the motion to advance the case on its calendar.

The formal notice of appeal by the Boston and Montana company and the bond of appeal in the sum of \$300 were filed in the district court Thursday.

The transcript and briefs in each of the three cases will be almost the same and the judgment of the supreme court in any one of the cases will govern in all three of them.

GREAT MASS MEETING HELD.

Laboring Men Want Special Legislative Session.

Butte, Mont., Oct. 30.—A great mass meeting was held at the Auditorium last night under the auspices of the Silver Bow Trades and Labor Assembly. The meeting was called to consider the desperate condition of affairs that confronts the workingmen of this city and state and to give expression to their belief that Governor Tookey should call an extra session of the legislature.

Resolutions were adopted along the line planned by the projectors of the meeting and a committee of fifteen appointed to present them to Montana's chief executive.

A majority of those present were miners who were thrown out of work recently by the injunction order of the court. The gathering included men from every craft and walk of life.

A telegram from Great Falls says J. J. Hill is there on his way to Butte, where he will meet United States Senators Paris Gibson and W. A. Clark and others for a conference on the industrial crisis.

C. F. Keely, counsel for the Amalgamated Copper company, issued a statement saying reports that the shutdown is in retaliation because of the Minnie Healy decision or that it is a stock-jobbing scheme are erroneous.

FATAL MINNESOTA FIRE.

One Child Cremated, Two Others Injured and Their Mother Insane.

Wabasha, Minn., Oct. 30.—The house and buildings of John Faulhaber, who lives on a farm ten miles from this city, were destroyed by fire last night, his seven-year-old son was burned to death, two other children badly burned and his wife driven insane by fright.

In the evening Mr. Faulhaber went to Kellogg, his wife and children remaining at home alone. Some time afterwards neighbors saw the blaze, but arrived too late to be of assistance. The manner in which the fire originated cannot be learned, as the children who escaped are too small to give an account, and their mother is a raving maniac.

Yellow Fever Situation Improving.

Laredo, Tex., Oct. 30.—The yellow fever situation has assumed a decidedly better aspect during the past twenty-four hours. The official bulletin follows: New cases, 7; deaths, 1; total number cases, 557; total deaths, 52. There were two deaths from yellow fever at San Antonio Thursday.

Deposits Returned.

St. Louis, Oct. 30.—At the close of business Thursday it was reported by officials of the various trust companies that from 15 to 20 per cent of the deposits withdrawn recently had been returned and that complete equanimity characterized the financial situation here.

May Prosecute Perry Heath.

Washington, Oct. 30.—It is said that President Roosevelt will insist upon the prosecution of Perry Heath, former assistant postmaster general, in connection with the recent postal investigation.

Eddie Santry Knocked Out.

Anaconda, Mont., Oct. 30.—Aurelio Herrera, the lightweight Mexican pugilist, last night knocked out Eddie Santry of Chicago in the thirteenth round of what was to have been a twenty-round go.

MACARONI WHEAT GRADED.

New Agricultural Product Placed on a Commercial Basis.

New York, Oct. 30.—The grain committee of the New York Produce Exchange has decided to establish three grades of macaroni wheat. This will put dealings in this new agricultural product, for this country, on a commercial basis.

A year or two ago United States consular agents in the South of France reported that there was a market there for macaroni wheat and recommended to the agricultural department at Washington that the raising of this wheat be encouraged in the United States. It had previously been cultivated in the Northwest, but the department of agriculture secured seed wheat from Europe and it is estimated that this year 10,500,000 bushels were raised. Some of this has already been marketed in France, the trading for export being on the basis of Minnesota wheat gradings, but macaroni wheat being specified in the contracts.

At the request of the department of agriculture, the grain committee decided to establish three grades of the wheat, No. 1 macaroni, No. 2 macaroni and rejected macaroni.

COLORED MURDERER HANGED.

William Hays Pays the Penalty for Killing Edward Perkins.

Unlontown, Pa., Oct. 30.—With the coolness that has characterized him throughout, and without a tremor, William Hays, the colored murderer of Edward Perkins, colored, at Masontown in November, Thursday paid the penalty for his crime. The execution was carried out with remarkable celerity and Hays was pronounced dead in 9½ minutes after the drop fell.

Hays boarded with Perkins and his attentions to Perkins' wife led to trouble between the two which resulted in Hays killing Perkins. Hays left a message to the public warning all young men against drinking and gambling.

Atlanta, Ga., Oct. 30.—Millard Lee, a young white man, will be hanged here today for the murder of Miss Lila May Sutles, near this city, May 25, 1902.

Montgomery, Ala., Oct. 30.—Governor Johns has refused to interfere in the cases of the negroes, Lon Shaw and Jim Chambers, sentenced to hang for the murder of a negro man. They will be hanged on the same gallows at Luverne today.

OCCUPIED BY RUSSIANS.

Troops of the Czar Take Possession of Mukden, Manchuria.

St. Petersburg, Oct. 30.—An official dispatch from Mukden, Manchuria, says:

A detachment of Russian troops has entered the town and reoccupied the guardhouses. This action was in consequence of the weakness displayed by the Chinese authorities, who do not fulfill their promises, and owing to general ferment prevailing here.

The rumors emanating from Japanese sources relative to the erection of Russian forts on the Yalu river, Korea, are declared to be exaggerated. It is explained that only a rampart has been built for the protection of the Russian settlements against the Chunchus.

The reports of the entry of Japanese troops into Korea are also unconfirmed and the anti-Russian demonstrations in Japan are now stated to be less frequent.

TREMONT TEMPLE PACKED.

Large Crowd Listens to Secretary Shaw at Boston.

Boston, Oct. 30.—Tremont Temple was packed to the doors last night, the occasion being the biggest political meeting held in this city during the present state campaign. The principal speakers were Governor Bates and Secretary of the Treasury Shaw. United States Senator Foraker of Ohio, who was expected, was unable to be present.

Congressman George P. Lawrence of North Adams presided over the meeting.

Governor Bates prefaced his remarks with a general review of the work accomplished by the Republican party in national affairs. The remainder of his address was devoted to a defense of his own administration.

Secretary Shaw followed Governor Bates.

FLOURING MILLS IN OMAHA.

Costly Plant to Be Established in That City.

Omaha, Oct. 30.—Next Monday evening Omaha will entertain a party of thirty-five millers, headed by Former Governor Pillsbury of Minnesota, who comes as the guest of President Stickney of the Chicago Great Western railway. Members of the party notified the Commercial Club of their intention to expend \$750,000 in the erection of flouring mills in Omaha and the Great Western has already arranged to construct a large elevator.

The recent cutting of grain rates between Nebraska points and Chicago and the Twin Cities by Mr. Stickney's road and the decision of other roads to meet the cut has brought Omaha to a grain market basis and local grain men are preparing to establish an exchange in this city.

VESSELS IN COLLISION.

Steamer Tokai Maru Wrecked in a Fog Off Japanese Coast.

Yokohama, Oct. 30.—A collision occurred in a fog off Hakodate, Japan, between the Russian Yeshen Kaisha company's steamer Progress and the Tokai Maru. The latter sank.

Of the 100 passengers and crew on board the Tokai Maru only sixteen were saved.

Remains of Mrs. Booth-Tucker.

Chicago, Oct. 30.—Mrs. Booth-Tucker's body reached Chicago last night. Several hundred members of the army were at the depot when the train arrived and escorted the body to an undertaking establishment. The body will lie in state a few hours, when it will be removed to New York and later may be buried in London.

CHARGES AGAINST MERCER.

War Department Says They Are Made by Dissatisfied Lumbermen.

Washington, Oct. 30.—Captain Mercer, the officer mentioned in the dispatch from Fergus Falls, Minn., as subject to charges for alleged misconduct as agent of the Chippewa Indians, has authority from the war department to call on the department commander at St. Paul for troops in case of any disturbance arising from the disputes in relation to the lumber on the reservation. He has informed the war department that the Indians are very much agitated and that troops may be necessary.

It is stated at the war department that the charges against Captain Mercer are made by lumbermen who are not satisfied with his action in endeavoring to protect the Indians in their rights.
